

Room

- Window**, wipe and polish streak-free, in/outside and between. Clean the window valve.
- Floor**, vacuum, wipe and remove any stains.
- Power outlets**, clean thoroughly.
- Doors**, wipe the surface and the door frame.
- Mirror**, wipe and polish it streak-free.
- Skirting**, dust down, scrub and rinse off.
- Wall**, remove stains and clean thoroughly.

Kitchen

- Stove**, use a steel wool scrubber to remove the solid burnt dirt. Pull out the stove (without damaging the floor) and clean around, behind and underneath.
- Oven**, scrub inside and outside surfaces. Remove solid burnt dirt. Scrub even burners and grids. Clean the oven glass (unscrew the two screws holding the glass)
- Oven/ stove knobs** clean thoroughly.
- Cooker hood, extractor fan and filter** clean free from grease.
- Kitchen sink**, remove all lime deposits.
- Kitchen cabinets**, wipe clean inside and outside. Do not forget the handle.
- Refrigerator**, wipe clean in and outside, even the rubber door seal. Pull out the fridge and vacuum and mop behind.

Leave the fridge and freezer's doors open to prevent mold growth.

- Freezer**, defrost and wipe dry.

Bathroom

- Sink**, scrub and rinse clean all soap stains.
- Shower**, remove limescale from wall and floor tiles, joints and corners. You might need to repeat! For optimal cleaning result use proper limescale detergent!
- Floor drain**, clean thoroughly. Unscrew and pull up the floor drain grid. Remove all dirt.
- Floor**, vacuum and mop.
- Toilet**, clean thoroughly around, inside and outside.
- Mirror**, wipe and polish it streak-free
- Bathroom cabinet/shelf**, wipe clean.
- Extractor fan**, wipe away dirt and dust.

Other

- Make sure all lights are functioning
 - Storages must be empty and clean.
- Check you have all the keys ready to hand back
- Do not forget to book time for the final inspection. Good luck!
